CSCW Student Reviewing Participants

Questions can be directed to Pernille Bjørn, Student Review Mentoring Chair, CSCW 2015

studentreviewmentor2015@cscw.acm.org

	Student	Mentor
1	Oliver Haimson, University of California; USA *Email:* ohaimson@uci.edu keywords: social networking sites, online communities, quantitative methods, social computing, computer-mediated communication	Dave Randall University of Siegen, Germany Email: daverandall2008@gmail.com
2	Stina Matthiessen, IT University of Copenhagen Denmark Email matthiesen@itu.dk ethnographic studies, global software development qualitative methods, outsourcing	Pernille Bjørn, IT University of Copenhagen Denmark, University of California, Irvine, USA Email pbra@itu.dk
3	Rasmus Eskild Jensen, IT University of Copenhagen Denmark, Email raej@itu.dk ethnographic studies, global software development qualitative methods, outsourcing, digital games	Pernille Bjørn, IT University of Copenhagen Denmark, University of California, Irvine, USA email pbra@itu.dk
4	Imrul Kayes, University of South Florida, USA email: imrul@mail.usf.edu Social and crowd computing, Mining and Modeling, Empirical investigations, Domain-specific social and collaborative applications	Adriana Iamnitchi University of South Florida, USA email: anda@cse.usf.edu
5	Tawfiq Ammari University of Michigan, Ann Arbor - School of Information social networks sites, online health communities, parents, special needs, empowerment email: tawfiqam@umich.edu	Sarita Yardi Schoenebeck University of Michigan, Ann Arbor - School of Information email: yardi@umich.edu
6	Andrea Barbarin, JD University of Michigan, School of Information Email andbar@umich.edu Keywords: medical/ health, home/family/intimacy support, legal/policy aspects, qualitative methods, participatory/cooperative design	Sarita Yardi Schoenebeck University of Michigan, Ann Arbor - School of Information email: yardi@umich.edu
7	Tien T. Nguyen University of Minnesota, Twin Cities Email: nguy1749@umn.edu Keywords: recommender system, online social network, online community, user behaviors, data analysis	Loren Terveen University of Minnesota, Twin Cities. Email: terveen@gmail.com
8	Shuo Chang University of Minnesota, keyword: recommender system, quantitative methods, user modeling, social network e-mail: schang@cs.umn.edu	Loren Terveen. University of Minnesota e-mail: terveen@cs.umn.edu
9	Hana Vrzakova University of Eastern Finland Email: hana.vrzakova@uef.fi eye-tracking, activity recognition, interaction inference, user experience, machine learning	Rosta Farzan University of Pittsburgh Email: rfarzan@pitt.edu

10	Pinar Ozturk Stevens Institute of Technology pozturk@stevens.edu Crowdsourcing, social networks, computer mediated communication, community analysis and support, machine learning/data mining	Winter Mason Stevens Institute of Technology m@winteram.com
11	Toni Ferro University of Washington, USA Email tdferro@uw.edu workplace studies, social media, social networking services, qualitative studies	Rajiv Krishnamurthy Facebook, USA Email rajivjk@fb.com
12	Claudia López University of Pittsburgh, USA Email: cal95@pitt.edu community analysis and support, urban informatics, user experience, social computing, information behavior	Giorgio De Michelis University of Milano – Bicocca, Italy Email gdemich@disco.unimib.it
13	Nazanin Andalibi Drexel University, USA Email: naz@drexel.edu Social Networking Sites, Participatory Information Sources, Qualitative and Quantitative Methods, Online Self-Disclosure and Identity, Health and Wellbeing	Andrea Forte Drexel University, USA email: aforte@drexel.edu
14	Allison E. Doub The Pennsylvania State University, USA Email: aed5142@psu.edu Health, Family, Social computing, Social networks, Social media	Duncan Sanderson Téléuniversité (Montréal), Canada Email duncan_sanderson@yahoo.ca
15	Amy X. Zhang, MIT CSAIL; USA email is axz@mit.edu. computer-mediated-communication, social computing, crowdsourcing, online discussion, online communities	Joanne Hinds University of Bath, UK. Email J.hinds@bath.ac.uk>
16	Nan-Chen Chen University of Washington, USA Email:nanchen@uw.edu information visualization, computer-mediated communication, visual analytics, text visualization, emoticons	Name: Deborah Tatar, Virginia Tech, USA Email: dtatar@cs.vt.edu
17	Francisco J. Gutierrez University of Chile, Chile Email: frgutier@dcc.uchile.cl Keywords: online communities, social networking services, computer-mediated communication, social computing, qualitative studies	Jofish Kaye Yahoo, USA Email acm@jofish.com jofish@jofish.com
18	Syed Ishtiaque Ahmed Cornell University, USA Email: sa738@cornell.edu ICTD, Ethnography, Collaboration, Learning, Bangladesh	Dan Cosley Cornell University, USA Email: drc44@cornell.edu
19	Saiph Savage UC Santa Barbara/ Universidad Nacional Autonoma de Mexico email:saiph@cs.ucsb.edu Social Computing, Online Identity, Collective Action, Location Based Services	Dave Randall University of Siegen, Germany Email: daverandall2008@gmail.com

20	Amira Chalbi University of Paris Sud 11 - France **Email:** amira.chalbi.ihm@gmail.com **Keywords: Collaborative Visualization, Social Computing,** Data Analysis, User study, Perception & Cognition	Fernando Figueira Filho Departamento de Informática e Matemática Aplicada (DIMAp) Universidade Federal do Rio Grande do Norte (UFRN) Brazil Email: fernando@dimap.ufrn.br
21	Jimmy Ti Queensland University of Technology, Australia Email: jimmy.ti@qut.edu.au Mobile interactions, Mobile-mediated communications, User experience, Social networks Location-based services	Pertti Järvinen University of Tampere, Finland Email pj@sis.uta.fi
22	Jennifer Marlow Carnegie Mellon University, USA Email jmarlow@cs.cmu.edu Social transparency, online work/professional communities, large-scale collaboration, crowdsourcing, impression formation	Giorgio De Michelis University of Milano – Bicocca, Italy Email gdemich@disco.unimib.it
23	Yushan Pan, University of Oslo, Norway email: yushanp@ifi.uio.no Cooperative work, Usability, Co-design, Activity theory, Distributed interaction	Tone Bratteteig, University of Oslo, Norway Email tone@ifi.uio.no
24	Jamie Mahoney University of Lincoln, UK Email: jmahoney@lincoln.ac.uk social media, social network analysis, retail, engagement, online communities	Sarita Yardi Schoenebeck University of Michigan, Ann Arbor - School of Information email: yardi@umich.edu
25	Joslenne Pena Information Sciences and Technology at Penn State, USA Email: jop5190@ist.psu.edu gamification, MOOC, activity theory, design, HCI	Dave Randall University of Siegen, Germany Email: daverandall2008@gmail.com
26	Yu Wu, Information Sciences and Technology at Penn State, USA email yuw132@psu.edu. software engineering, social networking, awareness, big data, microblogging	Joanne Hinds University of Bath, UK. Email J.hinds@bath.ac.uk
27	Haley MacLeod Indiana University, USA hemacleo@indiana.edu Keywords: illness, wellness, health, health informatics, personal informatics	Giorgio De Michelis University of Milano – Bicocca, Italy Email gdemich@disco.unimib.it
28	Na Li, Penn State University, USA Email: nzl116@psu.edu Keywords: cross-cultural communication, collaborative information analysis, CMC	Fernando Figueira Filho Departamento de Informática e Matemática Aplicada (DIMAp) Universidade Federal do Rio Grande do Norte (UFRN) Brazil Email: fernando@dimap.ufrn.br
29	Maia Jacobs Georgia Tech, USA Email: mjacobs30@gatech.edu Keywords: mobile health, life transitions, chronic disease management, qualitative methods	Sarita Yardi Schoenebeck University of Michigan, Ann Arbor - School of Information email: yardi@umich.edu

30	Thijs Roumen lab of Patrick Baudisch lab of Shengdong Zhao Email: design@thijsroumen.eu Keywords: Design Methods, Prototyping, Multidisciplinary Cooperation, Wearable Technology, Interaction Design	Joanne Hinds University of Bath, UK. Email J.hinds@bath.ac.uk
31	António Correia UTAD – University of Trás-os-Montes e Alto Douro, Portugal email: ajcorreia1987@gmail.com Keywords: crowdsourcing, human computation, qualitative studies, e-Science, scientometrics	Benjamim Fonseca UTAD – University of Trás-os-Montes e Alto Douro, Portugal email: benjaf@utad.pt
32	Anita Marie Gilbert, University of California - Irvine, USA Email gilbera1@uci.edu keywords: telework, civic, sustainability, collective action, ethnography	Dave Randall University of Siegen, Germany Email: daverandall2008@gmail.com
33	Elizabeth Kaziunas University of Michigan, USA Email: eskaziu@umich.edu health and wellness, collective memory, design, ethnography , digital fabrication	Giorgio De Michelis University of Milano – Bicocca, Italy Email gdemich@disco.unimib.it
34	Minhyang (Mia) Suh University of Washington, USA Email : miasuh@u.washington.edu Online communities, quantitative methods, social computing, Computer-mediated-communication, Sustainability, collective action	Gary Hsieh University of Washington, USA Email : garyhs@uw.edu
35	Amir Azarbakht Oregon State University, USA email: azarbaam@eecs.oregonstate.edu Social Computing, Mining, Online Collaboration, Big Data, Open Source	Dave Randall University of Siegen, Germany Email: daverandall2008@gmail.com
36	Cédric Foucault University of Paris-Sud & ENS Cachan, France Email: cedric.foucault@gmail.com **Keywords:** gaming, mobile and ubiquitous computing, novel user interfaces, toolkits & algorithms, interaction design	Fernando Figueira Filho Departamento de Informática e Matemática Aplicada (DIMAp) Universidade Federal do Rio Grande do Norte (UFRN) Brazil Email: fernando@dimap.ufrn.br
37	Luis Contreras Toledo University of Bristol, UK Email cslact@bristol.ac.uk Digital Signal Processing, Computer Vision, Object detection and recognition, Artificial Intelligence, Robotics	Jofish Kaye Yahoo, USA Email acm@jofish.com jofish@jofish.com
38	Michelle Purcell Drexel University, USA Email: mjw23@drexel.edu computer-mediated collaboration, online communities, open source software, requirements determination, user participation, qualitative and quantitative methods	Rosta Farzan University of Pittsburgh, USA Email: rfarzan@pitt.edu
39	Joanne White , University of Colorado Boulder, USA Joanne.White@Colorado.EDU Social media, disasters, animals, mobilization/action, qualitative methods.	Joanne Hinds University of Bath, UK. Email J.hinds@bath.ac.uk

40	Stella Christodoulaki University Paris Sud XI, Paris, France email: stellachristod@gmail.com User-experience, human computer interaction, mobile interaction, tabletop, user-centered design	Giorgio De Michelis University of Milano – Bicocca, Italy Email gdemich@disco.unimib.it
41	Stela Valchovska University of Nottingham, UK E-mail: stela.valchovska@nottingham.ac.uk Qualitative research; participatory design; collective action; online shopping; entrepreneurship	Sarita Yardi Schoenebeck University of Michigan, USA email: yardi@umich.edu
42	Paweł Woźniak. Chalmers University of Technology, Sweden Email pawelw@chalmers.se Keywords: community support, sports, ubiquitous computing, tools and frameworks, quantitative and qualitative empirical methods	Morten Fjeld, Chalmers University of Technology, Sweden Email fjeld@chalmers.se
43	Angela Locoro Università degli Studi di Milano-Bicocca, Italy E-mail: Angela.Locoro@gmail.com Keywords: quantitative and qualitative empirical methods, computer-mediated communication, office and workplace knowledge practices, participatory design, feminist studies	Fernando Figueira Filho Departamento de Informática e Matemática Aplicada (DIMAp) Universidade Federal do Rio Grande do Norte (UFRN) Brazil Email: fernando@dimap.ufrn.br
44	Emma Tonkin University of Bristol, UK Email tonkin@cs.bris.ac.uk data mining, social networks, social computing, ubiquitous computing	Joanne Hinds University of Bath, UK. Email J.hinds@bath.ac.uk
45	Susanna Heyman KTH Royal Institute of Technology, Sweden email susanna.heyman@abe.kth.se User experience, finance, qualitative methods, client-expert meetings, trust	Rajiv Krishnamurthy Facebook, USA Email rajivjk@fb.com
46	Karin Ahlin, Mid Sweden University in Östersund, Sweden. email Karin.ahlin@miun.se keywords: benefit, value, digital information, open data, action based research	Lionel P. Robert Jr. School of Information, University of Michigan Email: lprobert@umich.edu
47	Sangseok You University of Michigan, USA Email: sangyou@umich.edu Keywords: collaboration technologies, work teams, collaborative information behaviors, virtual teams, teamwork, computer-mediated communication	Lionel P. Robert Jr. School of Information, University of Michigan, USA Email: lprobert@umich.edu
48	Katherine Lo UC Irvine (Informatics), USA Email: **kmlo@uci.edu** Critical design, collective action, participatory design, ICT4D, civic engagement	Paul Dourish UC Irvine (Informatics), USA Email: jpd@ics.uci.edu
49	Milena Araujo Laboratório de Sistemas Distribuídos at Universidade Federal de Campina Grande (LSD - UFCG) keywords: data mining, empirical investigations, crowd computing, q&a communities, social networks. **Email**: mil3naa@gmail.com	Morgan Ames UC Irvine, USA Email morganya@gmail.com

50	Alyson Young University of Maryland, Baltimore, USA **email**: alyson1@umbc.edu Keywords: e-science, science and technology studies (STS), qualitative research, sociotechnical systems, privacy	Wayne Lutters University of Maryland, Baltimore, USA email: lutters@umbc.edu
51	Nigini Abilio Oliveira Federal University of Campina Grande - Brazil Email**:** nigini@gmail.com Keywords: (cross)culture, Q&A communities, knowledge sharing, social networking, data analytics	Louise Barkhuus Stockholm University Sweden email: barkhuus@mobilelifecentre.org
52	Oliver Stickel University of Siegen, Germany Email oliver.stickel@uni-siegen.de Keywords: Maker, 3d printing, Fab Lab, CSCW, qualitative studies	Gunnar Stevens University of Siegen, Germany Email gunnar.stevens@uni-siegen.de
53	Saijing Zheng Pennsylvania State University, USA Email: suz128@ist.psu.edu MOOCs, E-learning, HCI, Online Social Network, qualitative, big data, quantitative	John. M. Carroll, Pennsylvania State University, USA Email: jcarroll@ist.psu.edu
54	Syed Ali Hussain Michigan State University, USA Email: hussai52@msu.edu Keywords: mhealth, Community Development, Mother and Child Health, ICT4D, Technology, Interactive, Communication	Jina Huh Michigan State University, USA Email: jina.huh@gmail.com
55	Elena Agapie University of Washington, USA eagapie@uw.edu, eagapie@post.harvard.edu social computing, crowdsourcing, civic engagement, q&a systems	Jaime Teevan Microsoft Research, USA teevan@microsoft.com
56	Christine (Chris) Wolf UC-Irvine – Informatics, USA Email: wolfct@uci.edu ethnography, organization studies, law/policy, healthcare, identity	Paul Dourish UC Irvine (Informatics), USA Email: jpd@ics.uci.edu
57	Athanasios Taousakos University Paris-Sud France email: ataousakos@gmail.com mobile interaction, information visualization, mobile computing, social computing, computer supported cooperative work	Joel Fischer University of Nottingham, UK Email Joel.Fischer@nottingham.ac.uk
58	Anahita Davoudi University of Central Florida, email:anahita.davoudi@knights.ucf.edu social and complex networks, recommender systems, Online Advertising, Information Diffusion, big data, crowdsourcing, MOOCs	Nasim Mahmud University College Dublin, Ireland University of Liberal Arts Bangladesh (ULAB) Bangladesh Email nasim.mahmud@gmail.com
59	Kathryn (Kate) Ringland University of California, Irvine, USA Email: kringlan@uci.edu Keywords: assistive technology, collaborative gaming, children, qualitative, ethnography	Wai-Tat Fu University of Illinois at Urbana-Champaign, USA Email wfu@illinois.edu
60	Mariam Asad Georgia Institute of Technology, USA	Viktoria Pammer-Schindler Graz Univ. of Technology, Austria Email viktoria.pammer-schindler@tugraz.at

	Email missasad@gatech.edu ethnography, critical design, civic media, activists, participatory design	
61	Sophie KyoungHee Son KAIST (Korea Advanced Institute of Science an Technology), Korea Email: kyounghee.son@kaist.ac.kr Keywords: crowdsourcing. design, collaboration, expertise gap	Jina Huh Michigan State University, USA Email jinahuh@msu.edu
62	Nis Bornoe Aalborg University, Denmark nis@cs.aau.dk Usability engineering, social media studies, qualitative studies, fieldwork, mobile devices.	Jina Huh Michigan State University, USA Email jinahuh@msu.edu
63	Wenfei Dong Uppsala University, Sweden Email: wenfei_dong966@hotmail.com Interaction design, urban informatics, user experience, social networks , infomation management	James Howison University of Texas at Austin, USA Email jhowison@ischool.utexas.edu
